Level widths over the MuJoCo Menagerie
forward kinematics (67 robots, 1203 levels)
frame Jacobians (67 robots, 1414 levels)
frame Hessians (67 robots, 1492 levels)
number of levels
width (compute nodes in the level)
Mean width vs depth (circle A1, square H1, triangle original, dot menagerie)
menagerie forward kinematics
menagerie frame Jacobians
menagerie frame Hessians
depth (number of compute levels)
mean width (compute nodes / level)
